

Issue Date: September 2nd, 2020

Dear Valued Customer,

This notice is to inform you of the obsolescence of items that you have purchased from Littelfuse.

Description of the Change:

- Littelfuse will obsolete and no longer support production of the attached list of finished goods.

Reason for The Change:

- These are very mature products that have seen declining volumes in recent years, and as such, our suppliers can no longer fabricate the necessary components for Littelfuse to continue production of the affected finished goods.
- There is no current or projected demand that qualifies the necessary investment to sustain production of these components.

Effective Date of the Change:

- Littelfuse will accept orders on these finished goods until October 30th, 2020.

What You Need to Do:

- Please place orders for any necessary last time buys by the date indicated above, as we work with our vendors to secure remaining component stock.
- Note that any future demand for these parts should be shifted to alternative, similar products. We will assist on identifying suggested replacements on a customer-by-customer, application-by-application basis, so please contact with questions.

For any questions, please feel free to reach out to either your Littelfuse Customer Service Representative or Inside Sales Representative.

We appreciate your continued partnership and business.

Sincerely,

Zachary Naughton
