<b>DATE:</b> December 2016	<b>TYPE:</b> MODIFICATION – Packing Method and Relay Base Appearance Change

## G5Q PCB Power Relay Packing Method and Relay Base Appearance Change

In an effort to enhance our production process, Omron will change the G5Q relay packing method. This change includes, but is not limited to, the models listed below. In addition, this modification notice will explain the relay base appearance change that affects the G5Q-1-EU models only. These changes will be effective as of our production in June 2017. The packing method and relay base appearance change will not alter the technical specifications or external dimensions of the relay. Should you have any additional questions, however, please communicate with the Relay Product Specialist.

**Effective Date:**

Effective as of our production in June 2017
