

Information to ensure latest data sheet publication of following humidity and temperature sensor generation SHT2x, I2C digital versions.

Main Reason: Sensirion added a new chapter, 5.8 I2C communication recommendation in these new data sheets.

Vendor Code Part Number:

1-100706-01 SHT20-TR-1.5kS
1-100704-01 SHT20-TR-5kS
1-100707-01 SHT21-TR-0.4kS
1-100645-01 SHT21-TR-1.5kS
1-100694-01 SHT21-TR-5kS
1-100769-01 SHT25-TR-0.4kS
1-100768-01 SHT25-TR-1.5kS

Please update your data base accordingly and replace datasheets on your website for the part numbers above.

Implementation Date: Immediately

Please find here the Links to latest data sheet versions:

In case of any ongoing customer design-in phase with these parts, **please make sure to inform them about the latest datasheet immediately.**

In case of running mass production phase of customers with these products: **No Action needed.**

In case of any upcoming questions, please also get in touch with your local or known Sensirion Channel contacts.

Thanks for your strong collaboration and soon updates.
