January 20, 2023

PRODUCT/PROCESS CHANGE NOTIFICATION

TYPE OF CHANGE: Design Manufacturing For Information Only

This notification is provided in accordance with Power Integrations policy of major change notification. If you have any questions or need further assistance, please contact your regional Power Integrations sales office.

DESCRIPTION OF CHANGE

An existing qualified leadframe supplier, Hua Yang, will be added as an alternative leadframe supplier for 170x210 mil PDIP-8 package for the TinySwitch products listed below.

There will be some small dimensional changes to the inner lead features that will not affect fit, functionality or performance of the product. The plastic body length will also change as shown in the figure, but the new dimension is still within our datasheet package drawing tolerances.

Existing Leadframe Design (mm)

New Leadframe Design (mm)

REASON FOR CHANGE

For increased manufacturing capacity and flexibility.

PRODUCTS AFFECTED

TNY253PN, TNY253PN0112, TNY254PN, TNY254PN0112, TNY254PN0152, TNY254PNAU, TNY255PN, TNY255PNAU

CONFIDENTIAL

The information in this report contains confidential and proprietary information of Power Integrations and its manufacturing partners. By receiving this report, the customer agrees to use this information for the sole purpose of addressing the issues reviewed in this report and to keep the contents confidential. If it becomes necessary for the customer to disclose this information to a third party, a non-disclosure agreement, which provides reasonable and customary protection for the disclosed information, must be executed.

QUALIFICATION STATUS

Please refer to Appendix 1 for the qualification data.

EFFECT ON CUSTOMER

No adverse impact on manufacturers' applications is expected.

EFFECTIVE DATE

Immediate. Both leadframe versions will be shipped during the transition period.

SAMPLE AVAILABILITY

Not Required

Appendix 1
Reliability Engineering
Qualification Report

Qualification Project: P221507

Project Title: TinySwitch Products Hua Yang PDIP-8 170x210 Leadframe Qualification

Summary:

Reliability testing was performed to qualify the Hua Yang 170x210 mil PDIP-8 leadframe for assembly of TinySwitch products. One TNY253PN qualification lot using the Hua Yang 170x210 mil PDIP-8 leadframe was subjected to TMCL and HTSL for qualification with passing results obtained. CSAM, Lead Integrity (Tension & Fatigue), Resistance to Solder Heat, Construction Analysis and Tin Whisker testing were all completed with passing results. Yield analysis was completed on each product with acceptable results.

Based on these results, the Hua Yang 170x210 PDIP-8 leadframe is qualified for use with TinySwitch products (see above Products Affected list).

Reliability Test Descriptions and Conditions

Test Name	Conditions	Reference Specification
TMCL (Temperature Cycle, Air to Air)	-65°C to +150°C, air to air	EIA/JESD22-A104-E
HTSL (High Temperature Storage Life)	Ta=150°C; unbiased	EIA/JESD22-A103-D

HTSL (High Temperature Storage Life)

Product	Lot #	Leadframe	Test Duration	Failures/Sample Size
TNY253PN	BG349L	Hua Yang 170x210 mil PDIP-8	1000 hours	0 / 45

TMCL (Temperature Cycling)

Product	Lot #	Leadframe	Test Duration	Failures/Sample Size
TNY253PN	BG349L	Hua Yang 170x210 mil PDIP-8	1000 cycles	0 / 45

Conclusion: Based on passing results, the Hua Yang 170x210 PDIP-8 leadframe is qualified for use with TinySwitch products (see above Products Affected list).

CONFIDENTIAL

CUSTOMER ACKNOWLEDGEMENT

Power Integrations requests you acknowledge the receipt of the above-mentioned PCN. If no acknowledgment is received within 30 days of this notification, Power Integrations will assume the change is acceptable. Lack of any additional response within 90 days of this notification further constitutes acceptance of the change.

Power Integrations reserves the right to ship either version manufactured after the effective date.

If you have any questions or need further assistance, please contact your regional Power Integrations sales office. Otherwise, please check the box below, acknowledging the receipt of the PCN.

The indicated Product/Process Change Notification was received by the undersigned authority.
