

## Datasheet for part number CA3102R36-15PWF80

Our Catalog Part Number: CA3102R36-15PW-F80

Brand: Cannon Product Category: Circular Product Line: MIL-DTL 5015 Series I Series: MIL-C-5015

| Product Datasheet                                     |                                                                                                                         |
|-------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Thread                                                | Connector with threaded coupling                                                                                        |
| Shell Style                                           | Box mounting receptacle                                                                                                 |
| Gender                                                | Pin                                                                                                                     |
| Shell Size                                            | 36                                                                                                                      |
| Contact Arrangement                                   | 36-15                                                                                                                   |
| Number of contacts                                    | 35 contacts size 16                                                                                                     |
| Contact Type                                          | AWG Crimp                                                                                                               |
| Contact Plating                                       | Hard silver                                                                                                             |
| Contacts installed                                    | not assembled, packed separately                                                                                        |
| Shielding                                             | no                                                                                                                      |
| Insulator Rotation                                    | 60°                                                                                                                     |
| Contact Rating at +20 °C (68 °F) (Size 15/15S/16/16S) | 22 A                                                                                                                    |
| Contact Resistance<br>(Size 15/15S/16/16S)            | 6 mΩ                                                                                                                    |
| Operating Voltage                                     | In case of voltages greater than 50V the connector must be used in accordance with DIN VDE part 410, IEC 60364-4-41.    |
| Insulator Resistance                                  | Acc. To VG95319, part 2, test no. 5.12 and VG95210, part 32, test conditions B, standard insulator material > 1000 $MΩ$ |
| Test Voltage                                          | 1600 Vrms                                                                                                               |
| Air and Creepage Paths (Min)                          | 1,1 mm                                                                                                                  |
| Ambient Temperature                                   | Standard insulator material -55°/+125°C (-67/257°F)                                                                     |
| Safety Provisions                                     | IP65 acc. to DIN 40 050                                                                                                 |
| Salt Spray Resistance                                 | 500 hours salt spray resistant                                                                                          |
| Mating Cycles                                         | 500 min                                                                                                                 |
| Sep. Force per Contact<br>(Size 15/15S/16/16S)        | 1,0 N                                                                                                                   |
| Gage                                                  | For infos on Gage please see catalog VG95234, part 1                                                                    |
| Coupling Torque                                       | Closing: 23 Nm max / Opening: 1,03 Nm min                                                                               |
| Contact Retention<br>(Size 15/15S/16/16S)             | 35 N                                                                                                                    |
| Shell Material                                        | Aluminium alloy                                                                                                         |
| Shell Plating                                         | Olive drab chromate coating over cadmium plating                                                                        |
| Insulator and Gromet Material                         | Neoprene                                                                                                                |
| Contact Material                                      | Copper alloy                                                                                                            |
| Harnessing Info: Contact Cross-Section                | See assembly instruction                                                                                                |
| Harnessing Info: Insulator Diameter                   | See assembly instruction                                                                                                |
| Wire Stripping<br>(Size 15/15S/16/16S)                | 6,2 mm                                                                                                                  |
| General Info                                          | All tests in accordance with VG95319 and/or if applicable with VG95210                                                  |
