DESCRIPTION AND PURPOSE OF CHANGE: In line with the adoption of industry standards, Würth Elektronik will change raw material of the concerned P/N list. All products with a date code later than July 2017 will be affected by this change.		
DETAIL OF CHANGE: The previous material was PBT and we change to PA66 to meet with safety specification, and meet Glow Wire requirement according to standard IEC 60127-6:2014. There will be no change in form, fit, function, quality or reliability of the product.		
RELIABILITY / QUALIFICATION SUMMARY: Process / Product approval is according to internal requirements released by the Total Quality Department and the Product Management Department
