Product Change Notification

Title: PCN #00120 TDK-Lambda Americas Inc. LZSA series - Factory Mutual

Cancellation of Factory Mutual certification for the LZSA series

Please be informed that the FM certificate of compliance will be cancelled and the rating label changed accordingly on the TDK-Lambda LZSA power supplies as detailed below. No other electrical or mechanical changes will be made.

The products affected are: LZSA-500-1, LZSA-1000-2, LZSA-1000-3, LZS-1000-4 and the LZS-1500-3-001.

Existing inventory and current orders will not be affected and we anticipate this change will take effect for new orders placed after December 20th 2021 at the earliest. TDK-Lambda has already contacted a number of customers that previously required FM, and their response was that those programs had now lapsed. If units with Factory Mutual certification are required after this date, please contact your local sales office.

For any questions concerning this notification, contact your local sales office or TDK-Lambda Americas Inc. customer service.

A handwritten signature in black ink, appearing to read "Tom Tillman", enclosed within a hand-drawn oval.
