Product End-of-Life Notification

Conduit™ LoRa® Accessory Kit

Date: March 19, 2018

I. Summary

In September 2017, MultiTech announced the availability of new MultiConnect® Conduit™ IoT Starter Kits for LoRa Technology that provide everything needed to rapidly get your LoRa proof of concept up, running and connected to the cloud – all in one box. To make run rates easier, MultiConnect Conduit gateways now come preinstalled with a LoRa MultiConnect mCard for regions around the world. As a result, customers no longer need to purchase the Conduit LoRa Accessory Kit as a separate item - it's all included in the starter kit or the Conduit LoRa bundled SKUs.

Effective immediately, the status of the Conduit LoRa Accessory Kits (MTKIT-LORA-xxx series) are **changing status from Active to End-of-Life (EOL).**

II. Product End-of-Life (EOL) – Part Numbers Impacted

EOL Ordering Part Number	Description	Region
MTKIT-LORA-868	Conduit LoRa Accessory Kit 868 MHz (EU)	EU

Australia/New Zealand certification pending

IV. Warranty and Support

MultiTech will provide technical support and repair or exchange of the products listed in this announcement through the warranty period of the installed device.

V. Suggested Action Plan

We recommend the following actions:

- Forward this announcement to others within your organization who are actively involved in the sale or support of the MultiConnect Conduit platform, associated accessories and LoRa design projects.
- Note that the models listed in this end-of-life notification are no longer available.
- Remove discontinued/EOL models from your pricing system and website.
