**LAST TIME DELIVERY:** December, 2016

---

**RECOMMENDED ALTERNATIVE PRODUCTS):** RF220SU, available 1<sup>st</sup> Quarter 2016.

---

### **COMMENTS:**

A transition guide will be available for customers to provide guidance in making the transition to the new product on the Synapse Website: <http://www.synapse-wireless.com/iot-products/core-iot/rf-modules/>. Synapse recommends utilizing the Synapse SN171 prototype board for testing the transition between these modules.

Please contact Synapse at 877-982-7888 for Engineering Samples prior to product general availability. Engineering samples will be available in early November 2015 for development purposes only, not for resale.
