

Product Discontinuation Notice: HT, QE, ME, UE, XE, LE, TE, TT, PE, PT and MC Series SD Cards

PDN.PG97.11.12.2019

11.12.2019

Effective Date:	November 15, 2019
Last Time Buy Date:	February 29, 2020
Last Eligible Ship Date:	June 30, 2020
Discontinuation Details:	All "Consumer Plus" SD Cards/microSD cards and "Industrial" eMMC using Toshiba 2D Flash will be discontinued and replaced with parts containing new Toshiba 3D Flash. This is in accordance to current NAND Flash market trends.
Suggested Replacement:	See Attached.
Affected Part Numbers:	See Attached.
Datasheets:	See Attached.
Notes:	Ongoing customers using 2D Consumer Plus SD/microSD cards should soon switch to an equivalent part using 3D Flash. Shorter lead times and cost per GB are two major advantages of moving to the new technology.
