LEFT-HANDED IRONWORKER'S PLIERS

Designed specifically for left-handed Ironworkers to cut and twist rebar tie wire, these pliers feature a hook bend in the left handle for added grip and leverage with a more natural fit for lefties.

Hook bend in left handle provides added grip and leverage
for a more natural fit for lefties

Plastic-dipped handles
for comfort and ease of identification

"Handform" handles
for full gripping and cutting power

Unique handle tempering
helps absorb the "snap"
when cutting wire

Hot-riveted joint
ensures smooth action
and no handle wobble

Spring-loaded action
for self-opening

Precision-hardened plier head
for on-the-job toughness

Induction hardened cutting knives
for long life

Heavy-duty knurled jaws

Twists and cuts
soft annealed rebar
tie wire
