

CUSTOMER ADVISORY

ADV1818

36-Month Shelf Life for Sealed, Dry-Packed Power Products

Change Description

Intel Programmable Solutions Group (“Intel PSG”, formerly Altera) is notifying customers of additional sealed, dry-packed power products now qualified for a maximum shelf life of 36 months.

Other power products are already qualified for a 36-month shelf life, please see ADV1616¹ issued in November 2016.

Note 1 https://www.intel.com/content/dam/altera-www/global/en_US/pdfs/literature/pcn/adv1616.pdf

Table 1

	Change From	Change To
Shelf-Life maximum as indicated in the Moisture Barrier Bag (MBB) label	12 months	36 months

Recommended Action

There is no specific action required from the customer since the change does not impact the form, fit, function, quality, and reliability of the devices. There is no change in packing method; and there is no anticipated impact to the customer’s board assembly process.

Products Affected:

See below table:

Ordering Part Number
EY1501DI-ADJ

ER3110DI
ES1022SI
EY1603TI-ADJ
EC7100VQI
ES1020QI
ES1021QI
ED8101P00QI
EC7401QI

Reason for Change

This change will align these additional products with the other Intel PSG products that already have a 36-month shelf life.

The 36-month shelf life is also more environmentally friendly. This reduces the occurrence of unnecessary re-packing of devices, resulting in the consumption of fewer materials, as well as less waste generated.

Change Implementation:
