RE: Obsolescence of MITI-3V1 and MISM-3V1 Series Reed Switches

To our valued customers,

Littelfuse would like to notify you that we are obsoleting the MITI-3V1, and MISM-3V1 Series reed switches.

-The MITI-3V1 series will be replaced by the MITI-7mm series. There will be no change in the form, fit, or function of the switch.

-The MISM-3V1 series will be replaced by the MISM-7mm series. There will be no change in the form, fit, or function of the switch.

-Qualification data is available upon request.

Attached are the datasheets for the replacement switches. Samples will be available upon request. Please see the attached excel file for all affected part numbers and their direct replacement.

Datasheets Link:

https://www.littelfuse.com/~media/electronics/datasheets/reed_switches/littelfuse_reed_switches_miti_7_datasheet.pdf.pdf

https://www.littelfuse.com/~media/electronics/datasheets/reed_switches/littelfuse_reed_switches_mism-7_datasheet.pdf.pdf

Littelfuse would like also to encourage our valued customers to convert the existing order to MITI-7. This is due to at current situation and pandemic effect, the lead time of raw materials for MITI-3V1 and MISM-3V1 is already at 30-32 weeks and we could not guarantee a last time buy.

Thank you for your attention and cooperation on this matter.

Best Regards,

Max Shi
