and Request for Your Acknowledgement**

Hirose would like to take this opportunity to thank you sincerely for your support, and we hope this letter finds you well and prosperous.

We are writing today to inform you that we will change MS-151NB Series products, coaxial switches to the new model, for the reasons described below. We request that you kindly offer your consent to this matter.

1. Current Products and New Products

Current Products		New Products	
CL Code	Product Name	CL Code	Product Name
358-0215-9 00	MS-151NB	358-0345-4 00	MS-151NB-1
358-0215-9 01	MS-151NB(01)	358-0345-4 01	MS-151NB-1(01)

2. Details of the Change

We will change to the products using a substitute material instead of resin material for the housing part.

	Material Manufacturer	Material Name	Glass Content	Grade	Color
Current Product	Kuraray Co., Ltd.	G2330-9	33%	Standard	Black
New Product	Kuraray Co., Ltd.	GN2330-1BK	33%	High weld strength	Black

3. Reasons for the Change

It is due to the production discontinuation of resin material used in the housing (G2330-9, Kuraray Co., Ltd.)

4. Differences Resulting from the Change

There will be no differences in the appearances and performance, thus no board layout change will be required. Therefore, the new product can be mounted to the same board. As well as the current products, there is also no issue in terms of RoHS directive compliance.

5. Timing of Change

We will stop accepting orders for the current products as of the end of November 2014.

We will start accepting orders for the new products from December 2014.

In the event of a shortage of material inventory for the current product after the end of order receiving at the end of November, 2014, we may ask for the adjustment of order quantity. We will appreciate your cooperation in advance.

6. Confirmation of Your Acknowledgement
