## | ZEN+: ULTIMATE COMPATIBILITY

The A2 automatically detects your device and fine-tunes the output to charge it at maximum speed (up to 2.4A). Enjoy the fastest possible charging speed with a "Zen" peace of mind.

## | COMPACT & LIGHTWEIGHT

The A2 is one of the most compact and lightweight external batteries in the market for its capacity, thanks to the use of top quality components. With 6,700 mAh capacity, you can easily triple the time between plugging your phone into the wall.

## | PACKED WITH FEATURES

- The unique charge-through function allows you to charge the A2's internal battery while it is charging your devices, a feature rarely seen in external batteries.
- Zendure A-Series portable chargers will automatically power on when connected to a compatible device for charging, then switch back to standby when charging is complete.
- All Zendure A-Series products can maintain up to 95% of the original charge after six months without use.

## FOR OPTIMAL USE

- The Zendure A-Series are fully compatible with almost all Apple and Android smartphones, tablets and other USB-charged devices. However, the iPod nano, Asus tablets, the LG G2 and some GPS and Bluetooth devices are not supported.
- Use your device's original cable or our included cable to charge your devices.
- Disconnect all cables from the Zendure battery if you don't intend to use it for a long period of time.

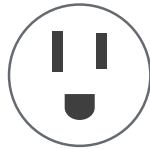

## FEATURES

Extreme Durability

ZEN+ Adaptive Charging

Unique Pass-Through Charging

Automatic On/Off

Long-Term Standby

6,700 mAh Capacity

Up to 12W Output

Premium High-Density Lithium Battery

2.4A Output

Compact & Lightweight

## SPECIFICATIONS

Capacity	6,700 mAh 3.7V / 24.8Wh
Battery Cell	Premium high-density Lithium-ion
Dimensions	3.6" x 1.9" x 0.9" (93 mm x 48 mm x 23 mm)
Weight	4.8 oz / 137 g
Input	5V 2.1A
Charging Time	~3 hours (2.1A); ~6 hours (1A)
Output	5V 2.4A Max
Colors / UPC	Black: 853805005448 Silver: 853805005288
