

Product Change Notification

TE Connectivity

Product Change Notification: P-22-022808

PCN Date: 30-MAY-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
22P UNSEALED HYBRID PLUG ASSEMBLY

Description of Changes
Approve use Vydine R535J black resin (2136455-2) as an alternate to current resin Ultramid A3EG7.

Reason for Changes:
Product improvement. Current resin Ultramid A3EG7 is in fource majeure and we will use the Vydine resin to fulfill the demand. Ford has been notified of this change and Product Validation Test has been completed and signed by Ford.
