## KDS Click Cable Entry Systems:
### Benefits for Production Managers

### KDS Click – Simplifying Production for Less Cost

Fast and Efficient; the KDS Click Cable Entry System enables maximum production output for minimum cost.

**KDS** has fewer components to assemble than other similar products on the market, therefore less assembly steps, resulting in more billable product from the production line.

**CONTACLIP**

# Flexibility allowing Creative Solutions to your most Challenging Designs

## KDS Compliance

- UL 508
- IP 66
- Nema 4x

## Frame

- Single-molded, glass fiber reinforced
- Self-contained gasket for ease of assembly

## Inlay

- Emits an audible "click" to ensure proper installation
- Various combinations accommodate your ever-changing assembly needs

## Seals

- Wave Cut design ensures perfect fit around cable
- Strain Relief with DIN EN 62444 compliance
- 110 different seals provide countless possible configurations
