

PRODUCT CHANGE NOTIFICATION

PRODUCT CHANGE NOTIFICATION NUMBER: PC600017

PCN DATE: 3/21/2019

PARTS AFFECTED:

SS-60300-002	SS-60300-023
SS-60300-004	SS-60300-024
SS60300-004G	SS-60300-025
SS-60300-007	SS-60300-028
SS-60300-020	SS-60300-031
SS-60300-021	SS-60300-061
SS-60300-022	

GENERAL PRODUCT DESCRIPTION:

60300 Series CAT6a Jacks

REASON FOR CHANGE:

Approval of new component

DESCRIPTION OF CHANGES:

To insure continuity of supply, Stewart Connector prefers to have multiple sources for key components where possible. On the 60300 series of product, the flex circuit, which is used to provide high frequency compensation is a critical item for which we strive to have multiple sources. We have recently approved a new source for this component and will use it interchangeably with our existing supply.

The new component meets all mechanical and electrical specification requirements for the connector series and its performance should be equivalent to the current production material. For evaluation samples prior to implementation, please contact your local Stewart Connector representative.

ESTIMATED IMPLEMENTATION DATE:

7-1-19
