The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification
We are optimizing the design of the counter nuts used to secure the IPD product to a device wall . The wrench size will remain the same for the M20 threaded option, and will change from 32mm to 30mm for the M25 threaded nut. In addition, the printing on the IPD protection sleeve will be updated to coincide with new requirements of international standards.

Stock Status
Can existing stock still be used? Yes
Is mixture of stock acceptable? No

Transaction Dates
