## TE Connectivity

Product Change Notification: P-22-022749

PCN Date: 19-MAY-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

MIL-DTL-38999 Series I Connectors Class Codes T, G, and E

**Description of Changes**

In follow up to a notification dated 18th October 2021, TE Connectivity AD&M has decided not to pursue requalification to the Mil-DTL-38999 Series I standard (Class Codes T, G, and E), with the US Defense and Logistics Agency (DLA). As a result, TE will be discontinuing/obsoleting the attached list of part numbers.

**Reason for Changes:**

Part status change. As part of TE Connectivity's continued evaluation and alignment to the needs of the market and strategy of the business, TE will be discontinuing the listed class codes within the above specifications. TE will not pursue requalification of these products with the US Department of Defense and Logistics (DLA) and will cease to supply MIL-DTL-38999 series I above class codes as of 12/31/2022. Therefore, TE will not be accepting orders for MIL-DTL-83723 Series III after the date of 6/30/22. Please note, this notification only impacts the specification and class codes listed. TE will continue to support and maintain products within the other class codes. For any further questions, please feel free to contact your TE sales representative or account manager.
