

To: Fluke Distribution
From: Fluke Corporation
Date: 26 January 2022

Regarding: Fluke Thermal Imagers

Dear Fluke Channel Partner,

We are pleased to inform you that Fluke has resolved its battery supply chain issues. As of 31 January 2022, all below Fluke Thermal models will resume two batteries production and supply to the customers (some models remain subject to extended ATP time and availability).

At the same time, we will arrange to ship the 2nd battery to our customers who submitted the voucher registration at (www.fluke.com/Thermalbattery). The redemption shipments will begin in February. New voucher registrations will be accepted until 31 December 2022.

We appreciate your kind understanding and support during the one-battery supply period of time.
