Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Description for Product Discontinuation

The formerly independent PROFINET and EtherCAT cable series have been harmonized into a single portfolio. The cable construction to support the physical layer was identical. Therefore, the attached EtherCAT cables will be replaced by the PROFINET cables, now rated for both PROFINET and EtherCAT.

Static EtherCAT installations using cable [93G] are harmonized to PROFINET/EtherCAT cable type [93B].

Drag-chain EtherCAT installations using cable [93H] are harmonized to PROFINET/EtherCAT cable type [93C].

Additionally, see supplementary Excel file for NEW standard articles for drag-chain applications.

Stock Status

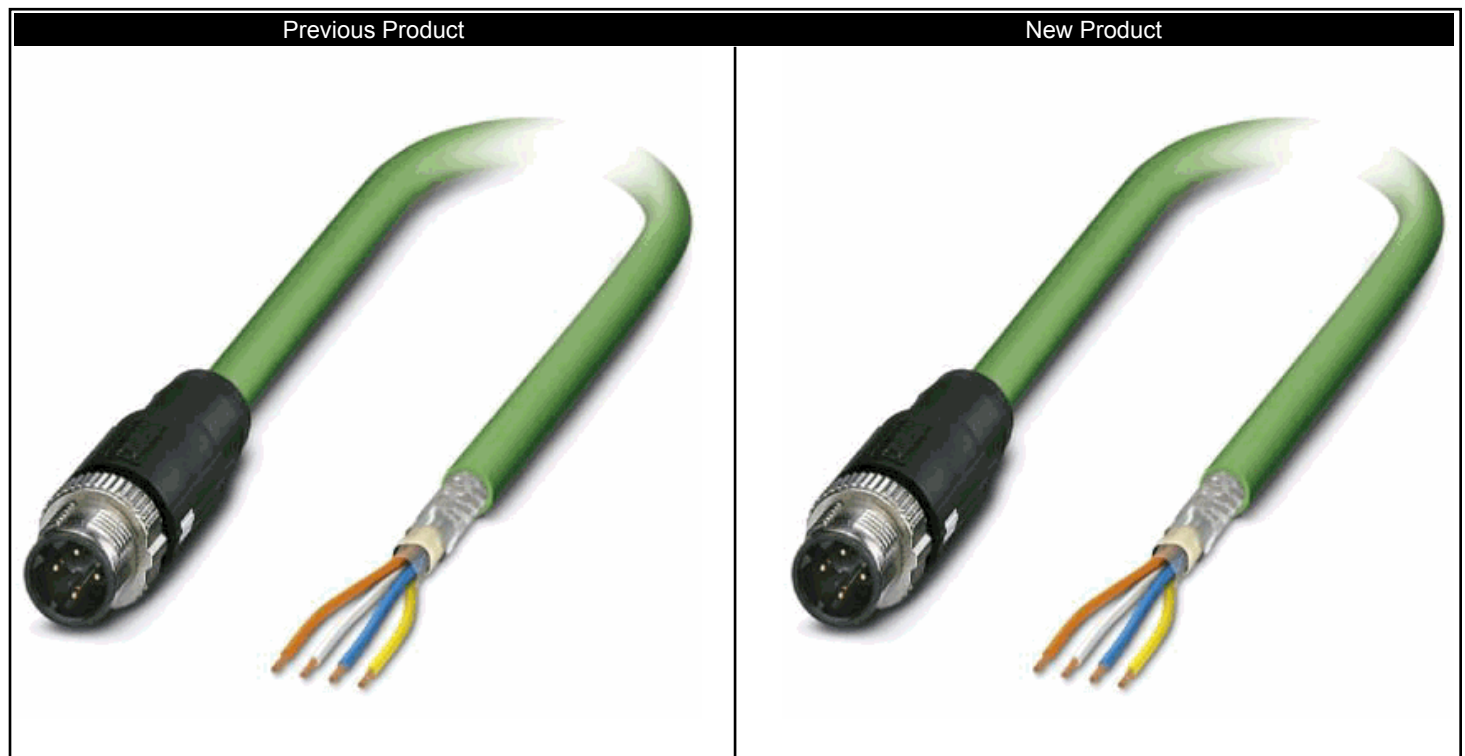

Can existing stock still be used? Yes

Is mixture of stock acceptable? No
