

## AD5314ARM

|                                |                                        |
|--------------------------------|----------------------------------------|
| <b>Hersteller-Teilenummer:</b> | AD5314ARM                              |
| <b>Hersteller / Marke:</b>     | ADI (Analog Devices, Inc.)             |
| <b>Teil der Beschreibung:</b>  | IC DAC 10BIT QUAD VOUT 10-MSOP         |
| <b>Datenblätter:</b>           | <a href="#">AD5314ARM.pdf</a>          |
| <b>RoHs Status:</b>            | Enthält Blei / RoHS nicht konform      |
| <b>Lagerzustand:</b>           | New original, 871 pcs Stock Available. |
| <b>Liefern von:</b>            | Hong Kong                              |
| <b>Versandweg:</b>             | DHL/Fedex/TNT/UPS/EMS                  |

### Spezifikationen

|                                |                                                                     |
|--------------------------------|---------------------------------------------------------------------|
| Teilenummer                    | AD5314ARM                                                           |
| Hersteller                     | ADI (Analog Devices, Inc.)                                          |
| Beschreibung                   | IC DAC 10BIT QUAD VOUT 10-MSOP                                      |
| Kategorie                      | <a href="#">Integrierte Schaltungen (ICs) &gt; Datenerfassung -</a> |
| Teilstatus                     | 871 pcs Stock                                                       |
| Serie                          | -                                                                   |
| Betriebstemperatur             | -40°C ~ 105°C                                                       |
| Ausgabety                      | Voltage - Buffered                                                  |
| Verpackung / Gehäuse           | 10-TFSOP, 10-MSOP (0.118", 3.00mm Width)                            |
| Supplier Device-Gehäuse        | 10-MSOP                                                             |
| Anzahl der Bits                | 10                                                                  |
| Data Interface                 | SPI, DSP                                                            |
| Einschwingzeit                 | 9µs                                                                 |
| Spannung - Versorgung, analog  | 2.5 V ~ 5.5 V                                                       |
| Spannung - Versorgung, digital | 2.5 V ~ 5.5 V                                                       |
| Die Architektur                | String DAC                                                          |
| Referenztyp                    | External                                                            |
| Anzahl der D / A-Wandler       | 4                                                                   |
| Differenzausgang               | No                                                                  |
| INL / DNL (LSB)                | ±0.5, ±0.05                                                         |
| Verpackung                     | Tube                                                                |

AD5314ARM ist neu im Original. Suche AD5314ARM Datenblätter, PDF, Inventar bei Y-IC.com Online, Bestellen Sie AD5314ARM ADI (Analog Devices, Inc.) mit Garantie und Vertrauen. Anfrage AD5314ARM: [Info@Y-IC.com](mailto:Info@Y-IC.com)
