| Beschreibung                 | IC REG LDO 5V/ADJ 0.25A 8DIP                             |
| Kategorie                    | <a href="#">Integrierte Schaltungen (ICs) &gt; PMIC-</a> |
| Teilstatus                   | 1627 pcs Stock                                           |
| Serie                        | -                                                        |
| Betriebstemperatur           | 0°C ~ 70°C                                               |
| Befestigungsart              | Through Hole                                             |
| Spannung - Eingang           | 3.5 V ~ 16.5 V                                           |
| Verpackung / Gehäuse         | 8-DIP (0.300", 7.62mm)                                   |
| Supplier Device-Gehäuse      | 8-PDIP                                                   |
| Spannung - Ausgabe           | 5V, 1.3 V ~ 16 V                                         |
| Strom - Ausgabe              | 250mA                                                    |
| Reglertopologie              | Positive Fixed or Adjustable                             |
| Spannung - Aussetz (typisch) | 0.15V @ 250mA                                            |
| Anzahl der Regler            | 1                                                        |
| Strom - Grenze (min)         | -                                                        |
| Verpackung                   | Tube                                                     |
